

The *Best* Aluminium *Roof* Just Got *Better*

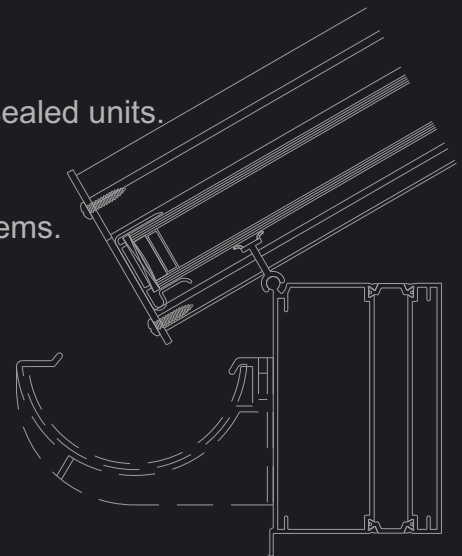

- ✓ **Super Slim Vents**
Just 45mm above the glass.
- ✓ **Fitter Friendly & Time Saving**
Half the time to install & easier to fit.
- ✓ **Polyamide Thermally Broken**
Excellent efficiency; with U values of just 1.4 with our standard 1.0 sealed units.
- ✓ **5° - 45° Pitch**
Unique design that can create greater pitches unlike other roof systems.
- ✓ **Affordable**
RAL colours are more cost effective; single & dual colour available.
- ✓ **High Quality Slim-line System Now Available**
This all aluminium roof system has been launched in lean-to-styles, other styles due to follow by 1st October 2012.
